No worries. The DP called a planning reform meeting this morning so I had to pull the pin on our meeting. I spoke to the DP about the IA list this morning - he has spoken to the Premier. Treasurer and your Minister.

I'll ask the relevant people from the Department to join us for the ULDA infrastructure requirements discussions.

Cheers

**Subject:** IA priority list

Hi David

Prior to our next get together we should probably have a discussion about the IA list of works.

I would also like to add to the agenda the ALP planned communities (eg Yarrabilba, Caloundra South etc) where there are $15 Billion of State TMR infrastructure commitments that are unfunded, it would be advisable to ask Ian Walker to join us if you think appropriate as this unfunded liability and the way we plan for these communities is a critical policy decision for Government

Kind regards,
