Dear Sir

We refer to the Request for Detailed Proposal issued by the State on 19 April 2013 (RFDP) and the State's determination not to continue with the Competitive Bid Process in March 2014.

The State wishes to advise that:

1. it is reinstating the Competitive Bid Process; and
2. based on the responses received by the State in response to the RFDP and having regard to the interest expressed by other entities in developing the Aurukun Project, the State has selected Glencore International AG as the Preferred Proponent for the Aurukun Project.

Please note that the selection of Glencore as the Preferred Proponent for the Aurukun Project does not mean that the State has accepted the Glencore RFDP Response nor is it an endorsement by the State that the development rights for the Aurukun Project will be granted to Glencore. The State will be working with Glencore over the coming months to discuss their plans for the project and finalise the Aurukun Development Agreement. The terms of the Development Agreement must still be approved by Government before Glencore can advance its development proposal.

The State will not be considering any other proposals in regards to the Aurukun Bauxite Development until this decision is made.

Yours sincerely

  
Graeme Albion  
Director  
Aurukun Project
